EDUCATION: EARLY CHILDHOOD EDUCATION MAJORS
(Suggested Associate in Arts Degree Curriculum)

This worksheet has been designed to help students select courses which are likely to apply to a major in EARLY CHILDHOOD EDUCATION. These suggested courses satisfy requirements in the Associate in Arts degree program at Prairie State College and provide the basis for transferring to a four-year institution. This program meets the guidelines of the IAI (Illinois Articulation Initiative) General Education Core. Students should obtain a copy of the Prairie State College Associate in Arts Degree Worksheet and should visit the IAI website at www.iTransfer.org for more information.

STATE CERTIFICATION REQUIREMENTS IN EARLY CHILDHOOD EDUCATION
To teach in young children (birth to age 8) in Illinois public schools, teachers must be certified by the State of Illinois upon completion of their baccalaureate degree program. To transfer into an approved baccalaureate program in early childhood education as a junior, students must complete a minimum of 60 semester credits. Since admission is competitive, completion of the courses recommended below does not guarantee admission. Community college students are strongly encouraged to complete an Associate in Arts degree prior to transfer. Students should be aware that a minimum grade point average of 2.5 on a 4.0 scale is usually required for program admission. Students must pass either the Test of Academic Proficiency, have a composite ACT plus Writing score of 22, or an SAT score of 1030 in order to gain admission into a college of education. Information on the Test of Academic Proficiency can be found at www.il.nesinc.com. The test includes reading, writing, grammar, and math. Most schools require a criminal background check prior to enrolling in field experience courses. Students should consult an academic advisor at the community college and senior university early and often.

EARLY CHILDHOOD EDUCATION MAJOR COURSE RECOMMENDATIONS (19-20 credits)

(Prepare with the school to which you plan to transfer to verify transferability of these courses for this major)

Select 19-20 credits from the “suggested” course recommendations listed below:

Suggested professional Early Childhood Education Core courses include:

- ECED 104 (3)*  Introduction to Early Childhood Education  (Prereq. Placement in ENG 099 or above)
- ED 101 (3)*  Child Growth & Development  (Prereq. Placement in ENG 099 or above)
- ED 212 (3)*  Exceptional Child (3)  (Prereq. ED 101)

Other suggested education electives often include:

- ECED 103 (3)  Health, Safety and Nutrition** recommended
- OR  HLTH 101 (2)  Health and Wellness
- PSYCH 202 (3)*  Educational Psychology  (Prereq. PSYCH 101)
- Additional Humanities course  (3)
- Additional Science course  (4)
- One Non-Western Cultures course from ART 131, ENG 243, GEOG 101, HUMAN 101, HIST 111, 112, 115, 116, 140, or PHILO 205 (3) (unless already selected as a general education course choice in Area B)

*Education departments at baccalaureate institutions tend to require a grade of B or better in these courses. It may be in the student’s best interest to repeat a course taken more than 5 years before transfer since some schools may not accept these courses.

**Before enrolling in any additional courses with an “ECED” prefix at PSC, consult an advisor to determine the transferability of these courses. Some senior institutions will not transfer these courses into a teacher education program.

Other suggested elective courses which satisfy the PSC AA/AS degree requirements may include transfer courses of 100 level or above (see the 2014-16 catalog, pages 49-51 for the list of approved transfer courses):

- Additional courses recommended as transferable by the university to which you plan to transfer.
- Up to four credits of physical education courses
- Foreign language courses (Some universities have a foreign language requirement. Generally, four years of a single foreign language in high school, or four semesters in college, will fulfill this requirement. It is recommended that students complete the entire sequence at one institution.)
- For the AA or AS degree, student may use one vocational/technical course (four credits or less) that is not on the approved list if they present documentation (recent written correspondence or transfer/advising guide) that the receiving institution will accept the course for credit. If a student plans to use more than one such course, he/she must obtain approval from the Vice President for Academic Affairs.
