This worksheet is designed to help students select courses which are likely to apply to a major in Psychology. These suggested courses satisfy requirements in the Associate in Arts degree program at Prairie State College and provide the basis for transferring to a four-year institution. This program meets the guidelines of the IAI (Illinois Articulation Initiative) Baccalaureate Major Panel for Psychology. Students should obtain a copy of the Associate in Arts Degree Worksheet and visit the IAI website at www.iTransfer.org for more information.

The Psychology transfer program provides a broad general education background and prepares students for the specialized course work undertaken during the last two years of a baccalaureate program. Students who plan to major in psychology are encouraged to complete foundation course work in sciences and mathematics in addition to a core of basic psychology courses. It is recommended that students complete the Associate in Arts degree prior to transfer.

### SUGGESTED CURRICULUM

Each senior institution has its own transfer policies. Therefore, we cannot guarantee the accuracy of this information in regard to every individual school. Consult the school of your choice and/or the Prairie State College Counseling and Advising Center to discuss the transferability of courses.

PSYCHOLOGY MAJOR COURSE RECOMMENDATIONS (22-25 credits)

(\textit{Check with the school to which you plan to transfer to verify the transferability of these courses for this major})

Select 23-25 credits from the “suggested” course recommendations listed below:

\textbf{Required IAI Psychology Major courses (9 credits)}

- PSYCH 102 (3) \textbf{[S6 902]} Human Growth & Development: Life-Span (Prereq. Placement in ENG 099 or above)
- PSYCH 203 (3) \textbf{[PSY 905]} Abnormal Psychology (Prereq. PSYCH 101)
- PSYCH 215 (3) \textbf{[PSY908]} Social Psychology (Prereq. PSYCH 101)

\textbf{Other suggested psychology major courses often include: (14-16 credits)}

- MATH 155 (4) \textbf{[M1 906]} Finite Mathematics (Prereq. MATH 151 with C or better or qualifying score on Math Placement Test)
- MATH 171 (5) \textbf{[M1 900-1]} Calculus with Analytical Geometry I (Prereq. MATH 165 with C or better or qualifying score on Math Placement Test)

Note: The number of psychology courses taken at the freshman/sophomore level should generally not exceed 12 credits and should be limited to the courses on this advising guide.

\textbf{Other suggested elective courses which satisfy the PSC AA/AS degree requirements may include transfer courses of 100 level or above (see the 2014-16 catalog, pages 49-51 for the list of approved transfer courses):}

- Additional courses recommended as transferable by the university to which you plan to transfer.
- Up to four credits of physical education courses
- Foreign language courses (Some universities have a foreign language requirement. Generally, four years of a single foreign language in high school, or four semesters in college, will fulfill this requirement. It is recommended that students complete the entire sequence at one institution.)
- For the AA or AS degree, student may use one vocational/technical course (four credits or less) that is not on the approved list if they present documentation (recent written correspondence or transfer/advising guide) that the receiving institution will accept the course for credit. If a student plans to use more than one such course, he/she must obtain approval from the Vice President for Academic Affairs.
