**Illinois Community College System Procurement Consortium**

Mr. Tenuta reported this a new consortium which was put together less than a year ago by the Illinois Community College Foundation. It is designed primarily for community colleges. Most community colleges have either joined or are in the process. This will allow the College to have purchasing ability such as furniture at already negotiated rates. It will not cost the College any money.

*Ms. Doyle moved and Ms. Johnson seconded that the Board of Trustees approve the College’s participation in the Illinois Community College Procurement Consortium (ICCSPC) thereby enabling the College to purchase services, supplies, and equipment pursuant to competitive bids secured by members of the ICCSPC.*

Ms. Donohue moved and Ms. Doyle seconded that the Board of Trustees approve Prairie State College’s participation in the statewide project to adopt CurricuNet, at an implementation cost of $7,657 for phase one and $7,656 for phase two.

The vote being five (5) Ayes, no (0) Nays, and one (1) Advisory, the motion carried.

**Custodial Services**

Mr. Tenuta explained this is an extension previously approved by the Board in March. The 10% increase is due to the rising cost of petroleum products. Dr. McCarthy added this is the third time there has been an agreement for a certain period of time and then an extension of such agreement. The phrase “cost of living” is not accurate; it really should be “cost of doing business.” Since the increase is larger than it has been in the past, it was agreed to bring it to the Board for approval.

Ms. Donohue noted this was the reason she set up a conference call meeting of the Services Committee. Mr. Fazzini stated he wished the Board had this information back in March when it first approved the contract. Once again, the Board did not have all the numbers when they approved the contract. Mr. Fazzini asked Mr. Tenuta checked on the 10% increase and whether he asked them to provide any justification. This a $60,000 increase for plastic bags and cleaners. It seems like a hefty increase. Mr. Tenuta asked Mr. Leet to double check on every aspect of the costs. It is not just supplies, but also increased costs for those ABC works with. Mr. Leet stated there has been an increase in costs for supplies, but also they added another area to be cleaned. In the past, the food service area was the responsibility of others. Now it will be cleaned by ABC. Therefore, they added additional staff.

Ms. Donohue noted this contract has been in effect for three years. She asked if they were doing a satisfactory job. Mr. Leet stated they do. Ms. Pearson commented a friend of hers bid on the cleaning services in the past and found that the College uses more expensive supplies than other organizations she worked with.

Mr. Fazzini understands there is an additional area to be cleaned. However, he wished it was noted in the paperwork given to the Board. Ms. Johnson appreciates the fact Mr. Leet was present to answer questions. Mr. Tenuta noted the contract distributed to the Board has an attachment listing ABC’s services.

Ms. Johnson moved and Ms. Doyle seconded that the Board of Trustees approve the negotiated rate increase, pending final approval of the contract by College Counsel for the one (1) year extension for Absolute Best Cleaning Service, Inc.
Upon the roll of call, the vote was as follows:

Ms. Donohue Aye
Ms. Doyle Aye
Mr. Fazzini Aye
Ms. Johnson Aye
Ms. Pearson Aye
Ms. Smith Aye

The vote being five (5) Ayes, no (0) Nays, and one (1) Advisory, the motion carried.

Bid Recommendation – New Asphalt Roadway and Paving Improvements
Mr. Planera of Detella, Planera & Paukner reviewed the plans for the improvements. Ms. Donohue asked if there would be a road connecting to St. James. Mr. Tenuta pointed out the road would be paid from the $250,000 DCO grant and not from College funds.

Replacement lighting will be included in the project. Mr. Fazzini inquired if the lighting was included in the cost. Mr. Planera noted it was. Mr. Fazzini asked if there was a timetable. Mr. Planera stated he would like to get the asphalt completed this year.

Mr. Fazzini felt the paperwork was very light in view of the magnitude of the project. The Board is finding out at the meeting that lighting is included, and there is no timetable or reference to the size of the lots. Dr. McCarthy pointed out there are references to all the lots. As Board members, Mr. Fazzini stated they are not on campus enough to know which lot is which. He had to ask Dr. McCarthy to provide an additional diagram at the meeting. The Board needs more documentation before the meeting to digest the information.

Mr. Tenuta responded he provided more than enough documentation when he went out for limited tax bonds and subsequent budgets. In those documents, it lists by detail what is included in this project. Mr. Fazzini asked where in the documentation before the Board does it list lighting as part of the project. Mr. Tenuta stated he dealt with the lighting in the limited tax bonds and fixed assets. Mr. Fazzini pointed out the Board would not have known if new lighting was to be installed in those lots if the question was not asked. There have been a number of issues with lighting in the past. The Board needs to have the information in order to understand a $1,000,000 expense.

Ms. Donohue disagreed with Mr. Fazzini. She looked at the background materials and did not feel she was uninformed. He asked what material she reviewed. Ms. Donohue reviewed materials presented before. Mr. Fazzini would appreciate it if she shared that information.

Ms. Pearson asked how long ago Mr. Tenuta provided the limited tax bond materials. Limited tax bond information was provided in December 2005.

Ms. Donohue moved and Ms. Doyle seconded that the Board of Trustees award the bid for new asphalt roadway and paving improvements to the lowest responsible bidder, Chicago Heights Construction, in the amount of $1,095,776 for the total bid plus alternates 1 and 2.

Ms. Johnson Aye
Ms. Pearson Aye
Ms. Smith Aye

The vote being five (5) Ayes, no (0) Nays, and one (1) Advisory, the motion carried.

Bid Recommendation – 60 Computers, Keyboards and Mice
Ms. Johnson asked if there is follow-up with those who do not bid. Mr. Tenuta stated the College sometimes will ask. Mr. Fazzini stated he struggles with the fact there is just one bidder for computers. Mr. Tenuta stated the College puts the ads in the paper and then the ad is sometimes picked up by websites.

Mr. Fazzini is voting Nay because he believes the College has to work harder to get more bidders.

Ms. Johnson moved and Ms. Doyle that the Board of Trustees award the bid for 60 computers systems, keyboards, and mice to the lowest responsible bidder, Premio Computers, in the amount of $47,700.00 for the total bid.

Upon the roll of call, the vote was as follows:

Ms. Donohue Aye
Ms. Doyle Aye
Mr. Fazzini Nay
Ms. Johnson Aye
Ms. Pearson Aye
The vote being four (4) Ayes, one (1) Nays, and one (1) Advisory, the motion carried.

REPORTS

President's Report
Dr. McCarthy pointed out the Chicago Southland Business magazine which features an article on Prairie State College and a number of other colleges on alternative delivery systems of course materials. He noted Physical Plant & Facilities did a great job in getting the grounds ready for registration as noted by the wonderful pictures in the magazine.
Enrollment at this time is 5,415 and 42,147 credit hours. These are good numbers. They are just about tenth day numbers. As you will note from Dr. Uzureau’s report on student recruitment, you will see the reasons for the increase. These numbers are before the late start classes.

Ms. Debbie Allen is not here today. She made a tremendous contribution to the College by assembling a professional human resources office and has changed many things here. She challenged the College to do some things differently. In addition, Ms. Allen brought a vibrant employee recognition approach. Her last day is September 8th and she will be missed. In view of her leaving, I will be appointing a new ethics officer.

College counsel is looking into the property on Halsted Street as well as checking for restrictions and finding an appraiser.

The Communications Department produced a video that conveys a number of important points about the College through the eyes of the students. It’s on the website and it will be shown at the next Board meeting.

After Chuck Middleton’s commencement address, a number of students and staff asked for a copy of his remarks. A copy will be sent within the next few weeks.

The next ICCTA meeting is September 29th and there will be a 2-1/2 hour session on ethics. It is important that someone from the Board attend the meeting. All employees on campus will receive training in October and November.

The Physical Plant & Facilities Department did a great job of getting the classrooms ready for the semester.

President’s Cabinet Monthly Reports
Dr. Uzureau, Mr. Tenuta, Dr. Nunes and Ms. Reaves were available for questions on their monthly reports.

Ms. Johnson is pleased to see that Mr. Brace Clement is back and working at the College. He is a personable young man and an asset to the College. Ms. Donohue noted the Fast Track Business program sounds great.

Accountability and Program Review Report
This Report is submitted to ICCB on an annual basis. It is for informational purposes only.

Report on Summer Semester 2006
Dr. McCarthy reviewed the student survey with the Board noting the College is really proud of it. Ms. Johnson inquired if the Communications Department could take some pictures of the students and use their comments in brochures to be used at the schools. The comments were tremendous.

Ms. Donohue noted the comments that the level of instruction was better than on their own campus. Ms. Johnson added something should be put in the local papers.
The Oz Principle and Key Results
This is an initiative suggested by Ms. Allen. Administrative Council will receive training on Wednesday, September 13th. The training requires the College to select three results to which administrative effort will be aligned. These results need to be specific and measurable results. The first emphasis is on enrollment and additionally Hispanic enrollment. The second addresses student success which is the heart of the Title III project. The third result is that all administrators have the wherewithal needed to carry out the first two results.

Mr. Fazzini suggested the next time around that the College include the fiscal area such conservation of utilities rather than just the revenue side.

Monthly Financial Report
Mr. Tenuta reviewed the monthly financial report. Included is the financial statement for June 30, 2006 which is unaudited and may change once the auditors have reviewed everything. Also included is July’s financial information. There will not be any ending or beginning balances until the statements have been audited. He will be requesting a 10% transfer from the Education Fund to the Operations & Maintenance Fund for FY2007 since there is a net operating loss of $200,000.

Dr. McCarthy noted the upcoming Art Gallery opening on August 31st, the Foundation’s annual meeting on September 22nd, and the ICCTA meeting on September 29th. In addition, he noted the women’s volleyball team will begin playing in September.
