ORAL/WRITTEN PUBLIC COMMUNICATIONS
State Representative George Scully, Jr. addressed the Board regarding the Illinois state budget and its impact on the College. He encouraged the College to work with its state senators to get funding. Mr. Fazzini thanked Representative Scully for his years of effort on behalf of the College. Representative Scully thanked the Board for continuing to run a first class institution on such limited resources.

Mr. Fazzini added he had spoken with State Senator Debbie Halvorson before this meeting to discuss this issue. She noted she is allotted only a certain amount of money for projects in her area and the allocation has already been spoken for. Senator Halvorson was unsure of how she could come up with money for the College. Mr. Fazzini suggested she work with State Senator Maggie Crotty and possibly split the number. Senator Halvorson suggested the College draw up a list of specific items they would use the money for. Mr. Fazzini plans to call Senator Crotty tomorrow to discuss the issue with her.

Ms. Susan Braasch, President of the Support Staff Union, addressed the Board regarding Dr. McCarthy’s contributions to the College.

Mr. John Flannigan, President of the Faculty Union, addressed the Board regarding the process used to interview candidates for the position of Vice President of Community & Economic Development.

Mr. Fazzini commented that every board member takes their responsibilities very seriously. Trustees are elected and authorized by law to make decisions on the issues that come before them. They work to evaluate the issues and to make decisions that they individually feel are in the best interests of the College. Board members may not always agree because it is a system where Board members have their own individual vote after reviewing the information and they may see things in a different way.

Ms. Johnson commented on the importance of the Cabinet members sitting at the table. She inquired why Mr. Leet, who she has no issue with, was at the Cabinet table. Mr. Fazzini stated he asked Dr. McCarthy if anyone would be representing the area of Business & Information Services. Dr. McCarthy had Mr. Leet sit there to answer questions about the energy plan. Ms. Donohue asked if Mr. Leet would be representing that area in the future. Dr. McCarthy will speak to financial issues and Mr. Randy
Sonnemaker who is in attendance can also answer questions. All those who reported directly to Mr. Tenuta are now reporting to Dr. McCarthy.

Appointment of Vice President of Community & Economic Development

Mr. Marks moved and Mr. Faso seconded that the Board of Trustees appoint Ms. Terri Winfree as Vice President of Community & Economic Development, with the salary to be worked out between the President and Ms. Winfree.

Mr. Fazzini stated both candidates were exceptional.

Ms. Johnson stated both candidates are highly exceptional employees; she gives her sincerest apology for the actions of the Board this evening. Ms. Johnson believes this should have been handled in a different manner.
Ms. Donohue stated that she could not in good conscience support hiring a Vice President for Community and Economic Development against the advice of the President. At the April Board meeting, the President presented a well thought out recommendation to combine supervisory duties and create a position below the level of vice president. He also recommended a national search. His proposal would have saved the College $45,000 in FY2008, $140,000 in FY2009 and every year thereafter. Ms. Donohue urged the Board to consider doing this since it would clearly demonstrate to the students and the community at large, that the College was tightening its belt by eliminating a highly paid administrative position. A majority of the Board, knowing full well the financial condition of the College did not agree with the President’s recommendations, and furthermore, that the President had no say in whether there was a vice president or not. The President then urged the Board to at least have an internal search, and not just appoint someone. Ms. Donohue commented that based on her experience as a university administrator, and knowing how important it is to hire an officer of the institution, she strongly encouraged the Board to do a national search for such an important position. The Board did not agree even though the College is currently conducting a national search to fill the position of Vice President of Business & Information Services. Ms. Donohue stated she is not interested in second guessing the President who was hired to run the College. She was elected to this position to serve the citizens of the region. The only agenda she has is to support the College to the best of her ability, and therefore, she is abstaining from voting on this appointment.

Ms. Gogins stated the Board asked the College to remedy operating costs on several occasions. There was quite a bit of discussion regarding the increase in tuition and questions about hiring support staff. The President provided a remedy to the College that would cause the College to have a substantial cost savings and the Board quibbles over less. She could not in good conscience support a position for which there was an adequate remedy. It’s offensive to the students whom she represents that monies be used in this manner when there is other recourse.

Upon the call of roll, the vote was as follows:

REPORTS

President’s Report
Dr. McCarthy noted there has been a change in the College’s budget due to the fact that the Student Success grant, some operating funds and other things were cut out of the state budget. Anything anyone can do such as contacting their legislators to get these items back into the budget would be appreciated. Senator Debbie Halvorson released about $1 million in capital money for outstanding projects which includes the Academic Advising and Counseling area.

Dr. McCarthy announced the College will receive about $150,000 from a surplus of TIF funds from the Village of Homewood.

The College is working on purchasing a food station in order for evening students and faculty to purchase sandwiches, soups, coffee, etc. The bid will be on next month’s agenda.
The search for a Vice President of Business & Information Services has begun. There are five candidates; two are from out of state. An interview schedule will be announced shortly.

The Cabinet met with Ms. Stoner and Ms. Kloss to begin work on the celebration of the College’s 50th anniversary.

New Student Convocation was an exceptional event this year. It was done a little differently this year with the students and faculty were involved in a talk show exchange. The point was the same – preparing students for the transition from high school to college. He thanked Ms. Doyle for attending.

Dr. McCarthy also announced a $14,800 donation from the Chicago Dental Society which gave the College money for much needed equipment. He thanked Dr. Uzureau, Dr. Robert Manasse and Ms. Kloss for their assistance. Dr. Manasse is the College’s advocate and continues to work on its behalf.

President’s Cabinet Monthly Reports
Dr. Uzureau and Ms. Reaves were available for questions on their monthly reports.

Ms. Agee asked Ms. Reaves how things were going in Veteran’s Affairs and Ms. Reaves noted things were fine. Dr. McCarthy noted in Dr. Uzureau’s report she stated it was clear that enrollment was up this fall. He thanked members of the Enrollment Development Council and those initiatives launched by that group. The change in the schedule, including the Friday College and Sunday College has contributed to that success also. Next month the Board will receive the 10th day figures.

Mr. Fazzini asked what was included in the budget in terms of enrollment; Dr. McCarthy noted it was predicted to stay flat.

Accountability and Program Review Report
This is for information purposes only. Mr. Fazzini noted administration and staff should be acknowledged in the report. Ms. Christy Donovan coordinates this report.

Summer 2007 Enrollment Report
Dr. McCarthy reviewed the report.

Energy Report
Mr. Leet reviewed the changes made so far that will contribute to saving energy costs.

Draft Key Results
Dr. McCarthy reviewed the draft key results. He noted it contained two new results and carried over two from last years. Overall, the College did an excellent job with the recruitment goals. He attributed this effort to the efforts of the Enrollment Development Council. However, the College was not successful in decreasing the enrollment/completion gap for African American students. With the addition of the Protege Program, the national Students African American Brotherhood chapter and four new Freshman Experience classes taught by African American Faculty, he is confident the College will be more successful next year.
Monthly Financial Report

Dr. McCarthy reviewed the financial report. Ms. Donohue voiced her concern about the loss of Mr. Tenuta and how the College is handling it. Dr. McCarthy is in touch with Mr. Tenuta and meets with Mr. Randy Sonnemaker every day. The screening committee is working as quickly as they can in order to bring in qualified candidates for the position. Mr. Fazzini stated if the College needs a temp to fill in, it should go ahead and hire one. Ms. Donohue commented this is taking the President’s time and the College has lost an incredible employee in Mr. Tenuta.

ITEMS FROM THE BOARD OF TRUSTEES

Ms. Doyle will attend the next ICCTA meeting which is scheduled for Friday, September 14th - Saturday, September 15th in Urbana.

The Association of Community College Trustees meeting is scheduled for September 25th through September 29th. Mr. Fazzini, Ms. Agee, Ms. Doyle, Ms. Donohue, Ms. Johnson and Ms. Gogins will be attending. Ms. Johnson would like to be part of the Diversity Committee.

Prairie State College Foundation Report

Ms. Kloss noted the upcoming Special Event on November 9th at Olympia Fields Country Club. She reported Southwest Airlines is donating two unrestricted round trip tickets to any of their destinations thanks to the letters sent out under Ms. Donohue’s signature.

With regard to the Foundation’s Special Request Funding, the Foundation has donated approximately $7,000 for the Veterans History Project, a wireless microphone for the BCEC, jump drives for students, college success supplies, books galore for the Family Learning Institute and a portable P.A. system, music stand lights, percussion instrument and Chamber Music performances for PSC students and preschoolers for the Music Department. On Thursdays during the summer, staff members could wear jeans and a Prairie State College t-shirt by donating $2 each week to the Foundation. The Foundation raised $650. They are working on a plan to allow employees to wear jeans one Friday a month by donating to the Foundation.

Board Workshop

Mr. Fazzini suggested the Board find a date to hold a workshop wherein a facilitator would work with the Board members to become a better team. This could be held on a Saturday or a weekend. Ms. Donohue commented this is a good idea. Ms. Johnson could not commit to a weekend; however, she would support a Saturday date. Ms. Agee suggested a weekend may be more appropriate for this type of work. Ms. Doyle supports the idea.

Mr. Fazzini stated since most of the Board members are going to San Diego for the ACCT meeting, he
may try to put a dinner together.

Table Participant Comments
Mr. Flannigan thanked Representative Scully for alerting the College as to what is happening in Springfield and thanked him for his support. He welcomed the new faculty noting they are terrific additions. He thanked those faculty who participated in New Student Convocation and Ms. Doyle for attending, the faculty for the data in the Program Review and Ms. Donovan for her hard work. He also thanked Mr. Fazzini for his response and is gratified that the Board takes their votes seriously. The faculty’s concerns are shared by some of the trustees and he looks forward to working together with the Board.

Mr. Braasch reiterated Mr. Flannigan’s eloquent words.

Mr. Johnsen stated that the roof should be repaired. Garbage cans of water are filled near the Financial Aid office, Christopher Art Gallery and Prairie Center. The floor in the Prairie Center is soaked and probably has mold. Mr. Johnsen expressed his concern about Dr. McCarthy’s one year contract. Students and faculty alike are irritated by it and the situation needs to be resolved soon. The Board seems to have issues and is not working as a collective group. They need to ask the students’ opinions. He thanked Representative Scully for giving the budget information. He learned from his internship with State Senator Debbie Halvorson that a lot of things can be done behind the scenes.

Mr. Fazzini stated the Board appreciates the thoughts of the students and the student trustee is elected to bring student issues to the Board. When Ms. Gogins brought up the cafeteria issue, the Board took it seriously. He asked Mr. Leet to respond to Mr. Johnsen’s concerns. Mr. Leet stated his staff his working on isolating the leak and the contractor is in the process of putting on a new roof. A micro biologic inhibitor has been put on the Prairie Center floor.

Ms. Johnson thanked the faculty and community members for voicing their opinions. She received letters in the mail and especially thanked Ms. Lisa Hansen for her letter. People took time to write their thoughts and opinions and she is glad people are speaking their mind. Ms. Johnson commended Mr. Leet on working on conservation. She is the “green” girl.

Ms. Donohue thanked Mr. Flannigan and Ms. Braasch for their emotional and heartfelt comments. Thank you for representing the institution very well.

Ms. Gogins had the opportunity to spend a lot of time on campus this summer. There are many things that students need to know and the typical student does not. It is important for the College to get the students the information they need. Ms. Gogins spoke to the issue of the price of textbooks and the changes in editions. Dr. Uzureau and Mr. Flannigan are fully aware of the difficulties for students and are doing what they can. She thanked Mr. Leet for addressing the roof and mold issues. Also, Ms. Gogins thanked Ms. Yott and appreciates what she does. She added that New Student Convocation was wonderful.

*(Ms. Donohue left at this time).*
Mr. Faso thanked Dr. Uzureau for the high quality of faculty and Mr. Leet for moving in the right direction.

Ms. Doyle stated when she was first elected to the Board she didn’t feel connected to the community. However, recently she has felt that connection since she has been approached by many community members regarding the College and her vote does represent what the community wants.

Mr. Fazzini welcomed the new faculty and congratulated Ms. Winfree as the new Vice President of Community & Economic Development. It is important to get in touch with Senator Crotty and asked the administration to put together a list for her. The issue of the public address system will be on the next Board agenda. As to the community, he has received calls as well from those who support what he is doing and those who object. If Board members are going to comment on something, they need to do so during the discussion and not when they are voting. Trustees have the right to ask tough questions of staff and although it may seem like a board member is digging a bit, it is their responsibility to know the information to make an informed decision.

ADJOURNMENT
Ms. Johnson moved and Mr. Marks seconded that the Board of Trustees adjourn the meeting. All members present voted Aye, and the meeting adjourned at 7:45 p.m.
