REPORTS

President’s Report
Dr. Radtke said that the Capital Request document was put together for multiple purposes including the
current legislative session, stimulus funding, sustainability and green programs. It is a tool for our
lobbyists and for us to use in talking to our legislators.

He also pointed out that the capital bill is a long shot. The request for funds for a student center went
through this process several years ago and remains unranked by ICCB. Because a $34 million dollar
request was not feasible at this time, the document focuses on a new nursing facility which has a cost of
under $12 million. There is also $2 million in the package to rework the main building for other uses and
to make improvements. The sense is that a focus on nursing is going to be seen as a higher priority with
the legislators.
Ms. Donohue said she is concerned students are being overlooked and it is unfortunate they have no place they can call their own. She said it is important to not lose sight that they are the College’s major focus.

Dr. Radtke added that a student center is still a priority; it is just not an option right now.

Ms. Agee pointed out that she has noticed that the College’s buildings are not really labeled and she sees this as a safety issue. Dr. Radtke agreed and said this is something that has been discussed at length in Cabinet. Ms. Agee suggested that maybe a grant would be available for signage if it is addressed as a safety issue.

Dr. Radtke said that commencement will be held on May 16. Dr. Radtke is hosting a Legislative Breakfast on April 16 in the Board Room, and the ICCB-SAC Student Lobby Day and ICCTA Lobby Day will be held on April 23 and April 29, respectively.

Dr. Radtke noted that his office received an inquiry on selling a portion of the land owned by the College in Matteson.

President’s Cabinet Monthly Reports
Dr. Uzureau, Mr. Dempsey, Ms. Winfree and Ms. Reaves are available for any questions on their monthly reports.

Update on Audit Findings
Dr. Radtke explained the update form for the A-133 Report and the CAFR.

Budget Discussion/Projected Revenues/Tuition
Vice President Dempsey explained the Illinois Community College Board FY2010 Governor’s Budget Recommendation and Prairie State’s Three-Year Forecast.

The College is considering raising tuition $5 per credit hour to offset costs. A substantial portion of the student body will receive financial aid to offset these extra costs.

Dr. Doyle asked how much money will be available to Prairie State under the Governor’s recommendation. Mr. Dempsey estimated a 4% increase from what the College received in 2009.

Ms. Donohue noted that she feels the Board should establish a practice of making small tuition increases each year rather than no increase one year followed by larger increases the next year. She recommended the College make small increases every year, such as a dollar or two, so it is not necessary to increase tuition by $5 per credit hour all at once.

Ms. Johnson asked how many Prairie State students receive financial aid. Vice President Reaves responded that 4,498 students received aid in the fall of 2008.

Monthly Financial Report
Mr. Dempsey reviewed the monthly financial report.
