Adding a Video Assignment Link to Your Modules

Note: You must put a link to the Video Assignment in your module. This is the only way for the student to access the assignment.

1. Log into your D2L course.
2. From **Content** area, go to the module where you want to place a link to the Video Assignment.
3. Select **Add Existing Activities** then **Video Assignment**.
4. Select the appropriate Video Assignment name from the list.
5. The link will be added to the module and you can add start/end dates, release conditions and descriptions like every other link in a module.

Editing or Deleting a Video Assignment

1. Log into your D2L course.
2. From the course navigation, select **Assessment** then **Video Assignment**.
3. From the **Assignment Name** list, locate the video assignment you want to edit or delete.
4. To edit the session settings, click on the **Edit** pencil icon.

5. To delete the session, click on the black garbage can icon.

Note: If the garbage can icon is grey, you will not be able to delete the assignment as there are student video submissions.

Grading a Video Assignment

1. Log into your D2L course.
2. From the course navigation, select **Assessment** then **Video Assignment**.
3. From the **Assignment Name** list, locate the video assignment you want to grade.

Assignment Name	Due Date	Actions
Homework 1	2/15/2017, 7:00 pm CST	   

4. Select the **Grade** icon from the Actions area.

5. For the student you want to grade, select **Grade Student Submission**.
