

### Save File in PDF Format

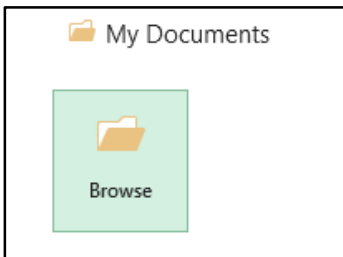

1. Select the **File** tab.

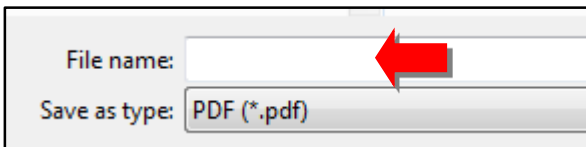

2. Select **Save As**.

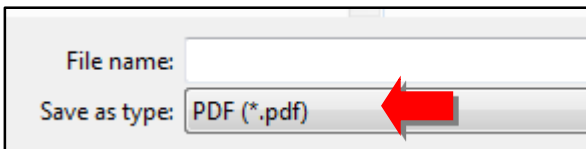

3. Select **Browse** to find the location where you want to save the file.

4. Enter the file name in **File name** if you want to name the PDF a different name.

5. In **Save as type**, select **PDF (\*.pdf)**.

6. Select **Save** and the new PDF file will open.
