

Save File in PDF Format

1. Select the **File** tab.

2. Select **Export**.

3. Select whether to export the current Page, Section or Notebook.
4. Select **Export** to find the location where you want to save the file.

5. Enter the file name in **File name** if you want to name the PDF a different name.

6. In **Save as type**, select **PDF (*.pdf)**.

7. Select **Save** and the new PDF file will open.
