

Printing Slides

In PowerPoint 2013 you can print the presentation as slides, an outline, notes or handouts.

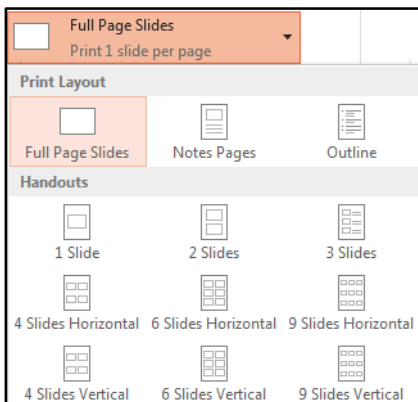

1. Select the **File** tab.

2. Select **Print**.

3. Select page layout drop-down to choose: Full Page Slides, Notes Pages, Outline, or Handouts.

4. Select **Edit Header & Footer** to add dates and page numbers to the printout.

5. Select the printer and the number of copies to print.
6. Select **Print**.
