Refuse and Recyclable Material Collection

**Addendum #1**

November 2, 2020

**Question:**

1. You want us to quote out “Every two weeks” pickup frequency for the “new recycle summer/winter schedule” for CLC?

**Answer:**

The summer/winter schedule should be based on “every two week”. This was left blank unintentionally. Attached is an informational updated pricing form reflecting the change in italic format, red color letter and bold letter.

**Note:** The updated pricing form includes a new line item for an additional 10 yarder for construction debris at 55 north orchard drive park forest. This is also in italic form, red and bold letters.

**Please ensure receipt of the addendum by acknowledging the section on the bid form with date of addendum. If not acknowledged your bid will be rejected.**

**Bids are due on November 5, 2020 on or before 1:00 PM at the Main Campus in room 2115**
