1 These data are based on IPEDS Graduation Rate cohort.
2 The graduation rates for athletes are not broken down by type of sports, race, and sex because the number of for each subgroup that received athlete's scholarship is less than ten. The graduation rate for scholarship athletes (all those athletes who received TRATH Award) is calculated based on their first fall term at PSC and if they awarded a degree or certificate in three years. The athletes cohort include only those started in fall.

** Data are not available yet.
