## YouSeeU: Video Assignment

### Submitting a Video Assignment

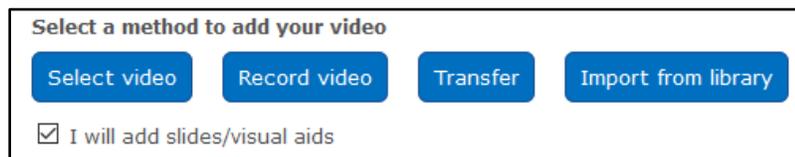

1. Log in to D2L and go to your class.
2. Go to the Video Assignment by locating the link in the appropriate module in Content.

3. If you will add slides to your video, check the box for **I will add slides/visual aids**. (See page 2 for step-by-step instructions to add slides.)

4. When you are ready to submit your video you can add it by doing any of the following:
  - a. **Select Video:** Upload video file from your computer.
  - b. **Record Video:** Record directly using your webcam.
  - c. **Import from Library:** Add from your existing YouSeeU videos.
  - d. **Transfer:** Transfer video file from your Google Drive, Dropbox or OneDrive accounts.

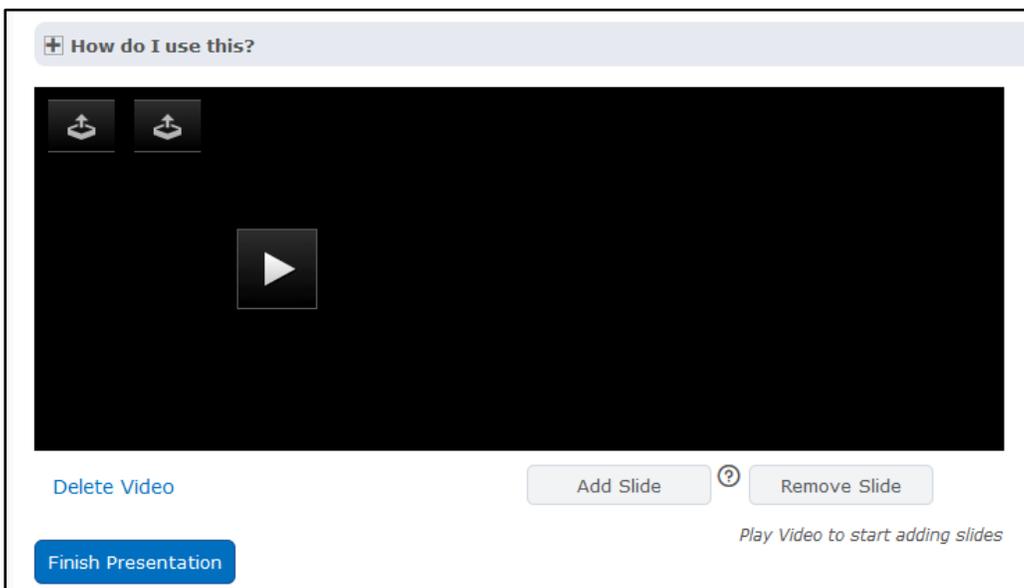

5. Once you add your video, you will be asked if you are ready to submit. Select **Yes** to submit the video assignment.

## Adding Slides to a Video Assignment

**Note:** Your slides must be in JPEG format. You cannot upload a PowerPoint file. To save your PowerPoint file as JPEG images, open PowerPoint, go to Save As and select JPEG as the file type.

1. If you checked the box for adding slides/visual aids, the **Change Slides** page will display after the video is uploaded.

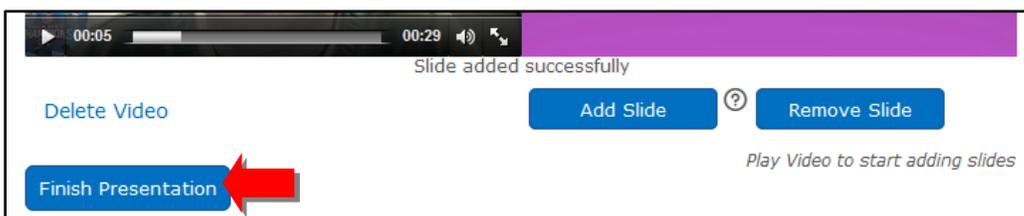

2. Play the video to the point where you want to insert a slide then select **Add Slide**.

3. Locate the slide on your computer and select **Open**. The image will be uploaded and attached to the video at that specific time.

4. Repeat steps 2-3 for any additional slides you want to add.
5. Select **Finish Presentation**.

## Commenting on a Classmate's Video Assignment

**Note:** This option will only be available if your instructor has enabled it.

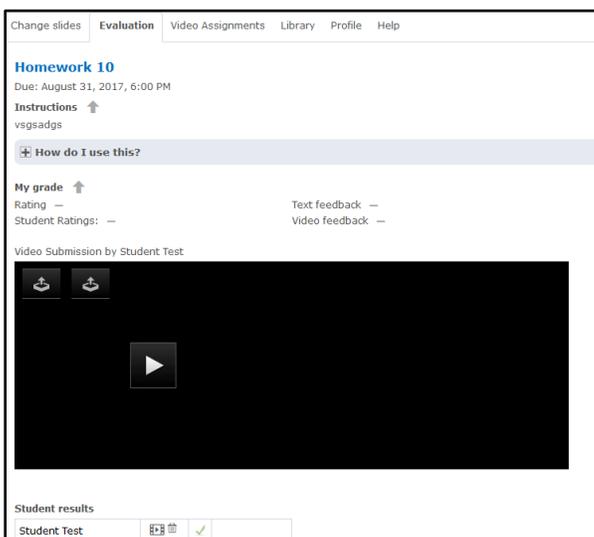

1. Locate the Video Assignment link in the appropriate module.
2. Once inside the Video Assignment, select **Evaluation**.

3. Select your classmate's assignment.
4. In the Student Results section, select **Play** to start the video.
5. As the video plays, add a comment by selecting **Add Comment**.
6. When the video pauses, type a message in the text box that appears.
7. Select **Submit**.

## Viewing Video Assignment Feedback

1. Locate the Video Assignment link in the appropriate module.
2. Once inside the Video Assignment, select **Evaluation**.
3. Select your submission to view instructor and, possibly, classmates' feedback.

## Using the Library

1. Once inside your course in D2L, select **Assessment** then **Video Assignment**.
2. Select the **Library** tab.

3. Use the buttons at the bottom of the screen to upload a video from your computer, record a video with a webcam, transfer a video from your Google Drive, Dropbox or OneDrive accounts or combine multiple videos into one video file.

 A screenshot of the D2L Library interface. At the top, there are navigation tabs: "Change slides", "Evaluation", "Video Assignments", "Library" (selected), "Profile", and "Help". Below the tabs, the heading "Library" is displayed, followed by the text "Library videos are not available unless they have been submitted to an assignment". To the right, there is a "Filters" link with a right-pointing arrow. Below this is a table with the following columns: "Class Name", "Activity Name / Video Title", "Final Submission", "Created at", and "Actions". The table contains three rows of data. At the bottom of the table, there is a pagination control showing "1 / 1 - 3 results" and "Per page" with a dropdown menu set to "10". Below the table are four blue buttons: "Upload video", "Record video", "Transfer video", and "Combine video".
